

At Siemens Healthineers, our purpose is to enable healthcare providers to increase value by empowering them on their journey towards expanding precision medicine, transforming care delivery, and improving patient experience, all enabled by digitalizing healthcare.

An estimated 5 million patients globally benefit every day from our innovative technologies and services in the areas of diagnostic and therapeutic imaging, laboratory diagnostics and molecular medicine, as well as digital health and enterprise services.

We are a leading medical technology company with over 170 years of experience and 18,000 patents globally. With more than 48,000 dedicated colleagues in 75 countries, we will continue to innovate and shape the future of healthcare.

# Optimize the Diagnostic Experience

Siemens Healthineers provides one of the most comprehensive and trusted urinalysis portfolios, from the point of care to the central lab. The same reagent strip technology standardizes testing at every location, delivering consistent, high-quality, reproducible results with each strip and every test.

## Intelligent Strips, Powered by Auto-Checks Technology

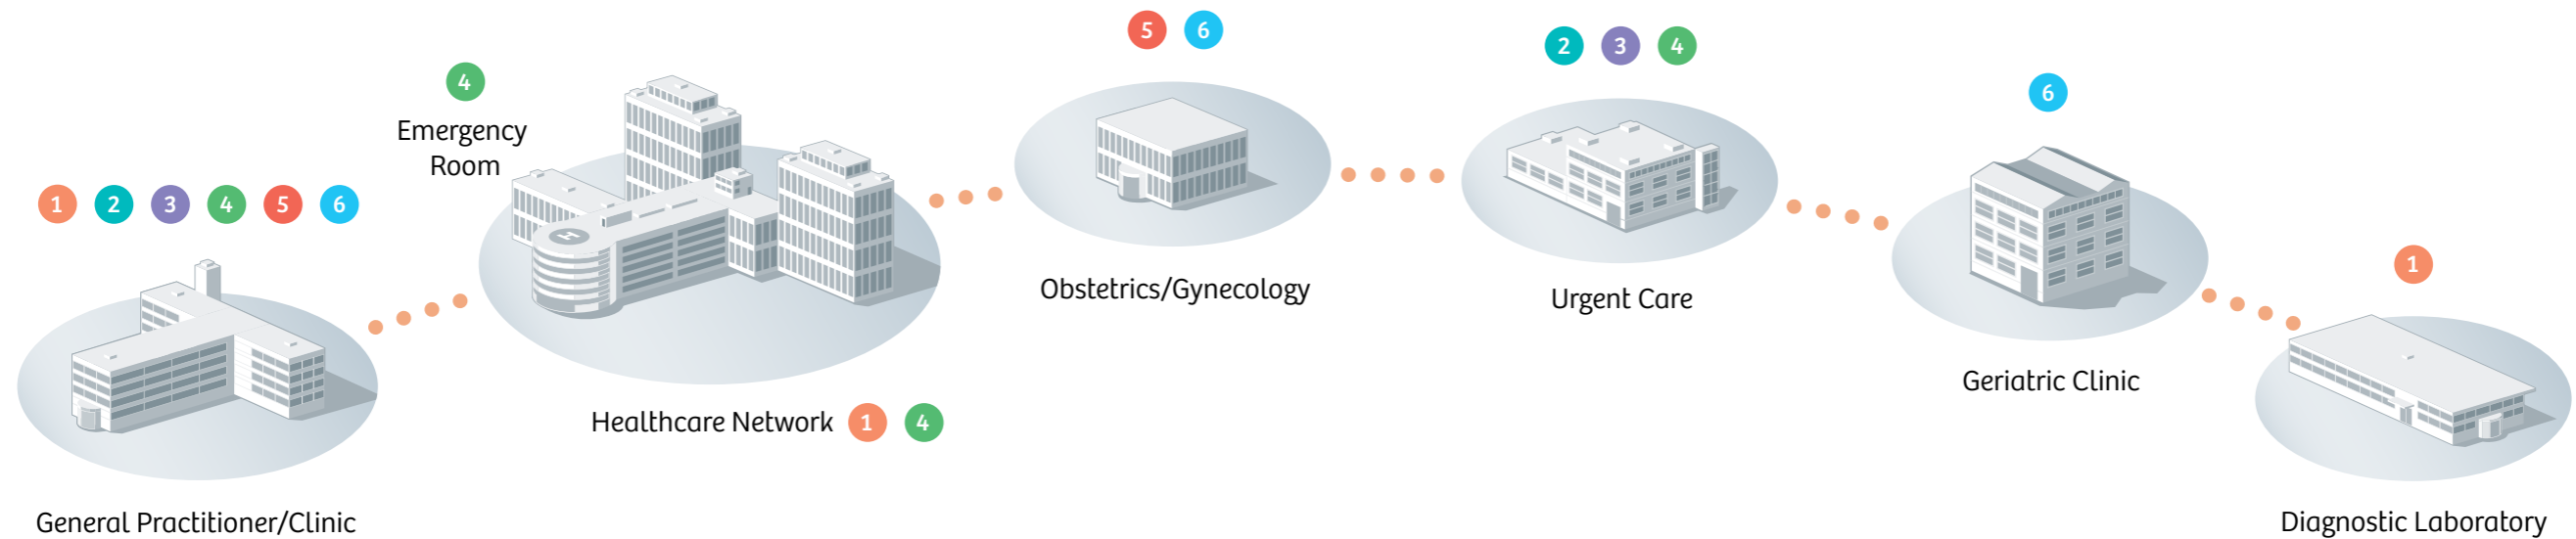

With our intelligent urine strips, powered by our proprietary Auto-Checks™ technology, you can feel confident in all your test results. When paired with our industry-leading CLINITEK Status® family of analyzers, urine strips from Siemens Healthineers enhance testing accuracy and workforce productivity by automating your testing environment, eliminating human subjectivity and transcription errors, and reducing unwarranted variations.

## More than 75 Years of Urinalysis Leadership and Innovation

Siemens Healthineers offers the widest range of urinalysis products on the market to meet all your testing needs. Our performance-driven urinalysis solutions support early detection, monitoring, and management of diseases, enabling you to deliver results with confidence.

## Our Portfolio of Urinalysis Solutions

Fast, reliable, and focused on results

1

**Multistix® 10 SG Reagent Strips**  
Provide fast, reliable testing for UTI, diabetes, kidney stones, kidney disease, eating disorders, bladder infection, and general wellness. Ten parameters for important markers on a single strip provide reliable front-line screening and monitoring for chronic-disease management.

2

**Multistix 8 SG Reagent Strips**  
A fast, cost-effective screening solution for conditions such as UTI, diabetes, and kidney disorders. There's no need to send tests to the lab. Run tests right in your office and get reliable results quickly.

3

**CLINITEK® Microalbumin 2 Reagent Strips**  
Provide fast, targeted screening for patients at risk for kidney disease. CLINITEK Microalbumin 2 strips deliver albumin, creatinine, and albumin-to-creatinine ratio results, enabling you to quickly assess your patients' kidney health.

4

**CLINITEK® hCG Pregnancy Test**  
Helps you to quickly identify or exclude pregnancy. Reliable instrument-read results eliminate interpretation and provide accurate answers.

5

**Uristix® Reagent Strips**  
Reliable routine tests for women's health. Uristix strips help you to quickly and accurately diagnose conditions such as preeclampsia, enabling you to deliver the best care for your patients.

6

**Uristix 4 Reagent Strips**  
Reliable screening solutions for female patients of every age. From UTIs and bladder infections to diabetes and kidney disease, Uristix 4 strips help you diagnose and treat every patient condition with confidence.
